## What can I get from Call28.com?

### B2C - Business to Customer

Comprehensive electronic catalogue is available online. Find out our rates and products on Call28.com and make your purchase. Enjoy high quality connection at low calling rate anytime, anywhere.

Become a Call28.com member by registering on the website and enjoy our regular promotional premium available to all our members.

Our telecom service can be activated immediately after purchasing. We also adopt a secure online ordering and payment system to ensure safe transactions.

Through Call28.com, customers can:

- Search for different calling services
- Place orders
- Check account status and balance
- Check call records
- Buy top up card
- Accumulate credits after each purchase and redeem gifts
- Access our new promotion and new information quickly and regularly
- Get promotional premium as a Call28.com member

### B2B - Business to Business

1) Online platform and account management for our business partners

We provide an exclusive "Business Partner Area" for our dealers and resellers. They can log into that section and manage their platform directly and freely online. This simplifies the operation procedures and communication between them and Telewise International Limited.

Through Call28.com, our business partners can:

- place orders
- check trading history
- check stock balance
- check credit limit
- generate sales reports

2) E-marketing for business organizations

Call28.com provides our business organizations global advertising for their products and services at

low costs. We have reserved many prominent positions on different pages of Call28.com for business organizations to advertise. Since the launch of Call28.com, more than 1,000 people browse our website everyday. Based on our strong promotion in other popular websites around the world, this number is increasing exponentially. Business organization can therefore expect very high exposure rate for their advertisements placed on our website.
